OBJECTIVE

As a dedicated third-year Computer Science student with a robust foundation in web development, mobile application development, and software engineering, I am eager to leverage my skills and certifications in a dynamic internship or entry-level position to contribute effectively to a forward-thinking organization.

EDUCATION

Bachelor of Science in Computer Science
MAJU | KARACHI,PAKISTAN
Expected Graduation: 2026

Intermediate in Pre-Engineering

KENTT COLLAGE of Science & Commerce | KARACHI,PAKISTAN

Graduated: 2021

Matriculation in Science

BVG SCHOOL | KARACHI,PAKISTAN

Graduated: 2019

PROJECTS

Notepad Mobile Application :

Developed a mobile application that functions as a digital notepad. Utilized Android development tools and technologies to create a user-friendly interface for taking and organizing notes. My role included designing the user interface and implementing core functionalities.

MERN Stack Fundamental Project :

Created a web application using the MERN (MongoDB, Express.js, React, Node.js) stack. The project focused on building a responsive and interactive interface, managing state with React, and handling back-end operations with Node.js and Express. My role involved full-stack development from front-end design to back-end implementation.

SKILLS

Programming Languages: –

- C
- C++
- Python
- Java

Web Development: –

- ASP.NET MVC
- HTML
- CSS
- Node.js

Mobile Development: –

- Android Application Development

API Development: –

- Node.js
- .NET Fundamentals

Certifications: –

- Web Designing
- Node.js
- MERN Stack
- DevOps
- Cisco Packet Tracer

Additional Skills: –

- Decent communication skills
- Leadership skills

LANGUAGES

English,Urdu

.NET Project

Worked on a project using .NET technologies to develop a robust web application. The project involved designing and implementing various modules to enhance functionality and improve user experience. My role included coding, debugging, and testing to ensure high-quality deliverables.
